and causing div to not display I am quite new to jQuery and not fully familiar with how to figure out what is going on. I have a div tag that I am trying to get to display based on select options from an HTML select box. The div should display the text "1 of 3" when one of the select values is selected and if 2 values or less are selected then "2 of 3" should display. Right now I am able to get the div to display "1 of 3" and if all 3 are selected then display "3 of 3" but when I select one of the other values. The div changes to the text "2 of 3" Here is the HTML:
